Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant called to discuss the Office Action mailed 03/27/02. 35USC101: Applicant argued that a frame embodied in a wave is statutory. Examiner responded that the problem is the lack of functions performed by claims 21/22, not about whether such frame is statutory. Examiner also indicated to Mr. Villeneuve on 5/31/02 that detailed explanation of the 101 rejection is in said Office Action. 35USC112: Applicant argued that claims 1, 19, 20 are clear. Examiner responded with explanation as to why the claims are unclear and indicated to Applicant to submit any arguments/explanation in response to said Office Action and Examiner will reconsider. 35USC102: Applicant disagreed that Seazholtz et al. reads on the claims. Examiner responded with quotes from said Office Action. Conclusion: Examiner indicated to Applicant to submit arguments/explanation in the next Office Action and Examiner will reconsider. No indication of allowability was given .
